TC 3600

According to 37 CFR 1.313(a), the USPTO can withdraw an application for further action at the initiative of the Office and if the Office withdraws the application from issue, the Office will issue a new notice of allowance if the Office again allows the application.

A PTOL-85 was mistakenly mailed with the Office action of October 22, 2003. Therefore, this application has been withdrawn from issue. This application is being forwarded to the examiner for completion of a new Office action to restart the time period for response.

Inquiries related to this decision may be directed to Supervisory Patent Examiner Eileen D. Lillis at (703) 308-3248.
